

TOP 10 TRAITS/ SKILLS OF SUCCESSFUL CANDIDATES - CAT

In this new age, It is very essential for any competitive examination, not only to test the IQ level but also the skills in Time Management, Technology Management and many more soft skill part of a person.

Online tests are new age product designed in such a way, starting from the registration level till one completes the test and takes the result, the entire process itself is a test which covers IQ, EQ, KQ, Time Mgmt skill, Technology Management skill etc.,

We have all read about students who are successful in CAT .

These are the people who inspire many CAT aspirants! When we studied them, we have noticed that they have the following traits in common:

1. They work hard!

They get up early, study regularly & they rarely complain. High-level success starts with a recognition that hard work pays off.

2. They are incredibly curious and eager to learn.

They study, ask questions and read constantly! Success is not about memorizing facts, it's about being able to take information and create, build, or apply it in new and important ways. Successful people want to learn everything about everything!

3. They are self-reliant and take responsibility

They don't waste time, practice tests. They make decisions and move on....

4. They are using their Intelligence

They regularly Read, study, and seek challenging assignments

5. They are efficient in Time Management

They practice the test with time & they assess their strength & improvement areas. While cracking the CAT they very well know how to complete with in the stipulated time without getting panic.

6. They give lot of Attention to details

They are patient enough to read the instructions/ questions carefully, so that they avoid making silly mistakes.

7. They know the importance of Technology Management

CAT is online many more tests will follow. Competency in using the system is one of the important traits required to crack CAT.

8. They are Courageous

They have the perseverance to accomplish the goal, regardless of the seemingly insurmountable obstacles. Display a confident calmness when under stress.

9. They are very imaginative

Make timely and appropriate changes in your thinking and methods. Show creativity by thinking of new and better ideas, and solutions to problems. Be innovative!

10. They are in generally positive & optimistic in nature

They believe, Everything is possible. Whatever happens, happens for the good.

As you can see nothing revealed here is shocking, but skills we are all aware of, yet we take little time to practice. Again, developing these traits & skills does take practice and a great deal of time.

So what do you do with this information? It's time to refocus on your core to spend your time wisely on what you value and the values of your dream.
